

Environmental Policy

We are committed to maintaining an Environmental Management System to enhance environmental performance and reduce the environmental impacts of our operations, activities, products, and services. Our policy aligns with industry standards, promotes sustainability, and fulfills our environmental responsibilities.

Commitments

- Identify and manage environmental risks by implementing measures to avoid, reduce, or control pollution where feasible.
- Adhere to applicable environmental laws, regulations, and codes of practice to ensure compliance.
- Continuously improve our Environmental Management System to achieve environmental goals.
- Set targets to reduce energy consumption and greenhouse gas emissions.
- Minimize waste and collaborate with recycling partners for plastics, mixed materials, wood, and other waste streams.

Environmental Objectives

1. Reduce waste to landfill to less than 2%.
2. Achieve zero non-compliances with regulatory requirements.

This policy applies to all our operations and reflects our commitment to sustainability and continuous improvement. By implementing this policy, we aim to set a benchmark for environmental responsibility and contribute positively to a circular economy.
